Dear Friends,

Coordinated Family Care and the Family Support Organization/Youth Partnership of Middlesex County are gearing up for an exciting event on May 1, 2010. We will be hosting a 5K Run/Walk – Healthy Bodies, Healthy Minds. This special event will kick off Mental Health Awareness Month in May! We hope you will consider partnering with us on this important endeavor. Our goal is to raise awareness about the realities of mental health, educate the public about common misconceptions, as well as promote a healthier lifestyle for all. By working together, we can achieve! Be a part of the solution and help us address and promote issues affecting our community at large.

How can you help? Volunteer your time, services, resources, and/or monetary assistance to cover the cost of the event, as this is a FREE event for all community members. We will not require participants to raise funds – The pledge we pose is to challenge themselves as well as their friends and loved ones to become more health conscious and start by making small changes to address unhealthy habits while spreading the word about Mental Health through their involvement. We are ONE community, Lets work together!!

Coordinated Family Care (CFC) and the Family Support Organization (FSO) are 501(c) 3 non-profit organizations dedicated to serving youth with behavioral, emotional, social, and mental health needs and their families throughout Middlesex County.
